About the Artist: Susan Rivers

Fiber Artist, Susan Rivers, proudly creates unique, functional works of art. Her quilt motifs range from whimsical adaptations of traditional patchwork patterns to nature-themed, original, and one-of-a-kind designs. Susan's product line has evolved from solely quilts to now include wall hangings, pillows and clothing. Under the name of **GREENTREE FIBER ARTS, LLC** (formerly Greentree Quilts), she provides an array of lovingly crafted products.

Susan's work incorporates many techniques, including piecework, appliqué, embroidery and "silk fusion". She uses premier commercial fabrics or those she has hand dyed, painted, "sun printed", embossed, created fiber by fiber or made by transferring images via an ink-jet printer.

The technique of making "Topo Map Fabric" was developed in the creation of a quilt to commemorate a friend's achievement of climbing all 46 peaks of the Adirondack Mountains in New York State.

Along with her unique Topo Map Fabric products, Susan is currently focusing on "Fabric Memoirs" and "The Comfort Quilt Project". "Fabric Memoirs" are pieces blending photos and fabric to create personal "portraits". "The Comfort Quilt Project" came about in response to a friend's child in need. At age 4, Ryan was diagnosed with Neuroblastoma (now 8 and still fighting). Susan made a very special quilt for Ryan with photos of his family and friends transferred to fabric and familiar cartoon character prints. The plight of her friend helped redirect her focus in life and thus she created "The Comfort Quilt Project" for children undergoing long hospital stays. These unique quilts provide the reassurance of familiar faces when loved ones can't be there in person. **Profits from the sale of any Greentree Fiber Arts product benefit the Comfort Quilt Project.**

As primary designer and crafter, Susan takes great pride in her work and customer satisfaction is paramount. She has been selling through craft fairs, galleries, select retail venues, her website and personal referrals for many years. Repeat customers comprise the largest share of business. Her work has been featured in the Boston Globe Magazine "Hotlines" section, the Albany Times Union "Spaces" Magazine and National Quilting Association Quilting Quarterly. Please contact her to discuss your special requests.
